ARTIST'S BOOK

A project by the artist for the Swiss representation at the 25th São Paulo Biennale, the publication looks like a photographic pocket book.

All black and white photographs reproduced in the book as well as the cover image were taken by Gygi during the winter 1990-1991. Immediately thereafter, the quasi totality of the negatives were stacked in a press and pierced with a drill. In addition, 4-color leaflets present recent works of the artist.

Designed by Gilles Gavillet in close collaboration with the artist.
